

Saturday, October 19, 2013 – Friday, October 25, 2013

Note: Information in this update is intended to highlight the week's major grizzly bear management actions and is not intended to be a comprehensive detailing of all management activities. Information in this update is draft and subject to change as details from the field become available. Finalized annual reporting of this information is published in the annual report of the Interagency Grizzly Bear Study Team available at: <http://www.nrmsc.usgs.gov/products/IGBST>

Verified Grizzly Bear Killed Livestock

- Verified one cow as being injured by a grizzly bear on private land north of Dubois.
- Verified one calf as being injured by a grizzly bear on private lands south west of Cody.

Research and Monitoring

- Nothing to report

Bear Management (Captures, Relocations, and Removals)

- Nothing to report

Law Enforcement and Related Activities

- Assisted the U.S. Fish and Wildlife Service with two separate investigations related to self defense situations with grizzly bears (both are currently still under investigation).

Outreach and Education

- Worked with Yukon Environment in planning training for investigations of grizzly bear attacks on humans.
- Gave bear management presentations to Cody Middle School students for two days at natural resource event on Heart Mountain.
